

Battery BA22

The new innovative LINAK® battery BA22 Li-Ion has been developed with improved safety and dual power communication port (PCP) connectors. BA22 is a low weight battery with built-in charger and 2.9 Ah capacity, designed for LINAK control boxes, ideal for healthcare applications where medical approvals and IPX6 Washable protection class are required. The battery is equipped with clear vents on each side that work as LED charging indicators. The mounting clip system allows easy mounting and stackability.

Supported by a 5-year warranty, our Li-Ion batteries ensure reliability and performance through rigorous testing and proven technology.

Li-Ion battery

- 2.9 Ah Li-Ion battery
- IPX6 Washable DURA™
- 5-year warranty
