

# High-performance battery

## BA22

The new innovative LINAK® battery BA22 Li-Ion has been developed with improved safety and dual power communication port (PCP) connectors. BA22 is a low weight battery with built-in charger and 2.9 Ah capacity, designed for LINAK control boxes, ideal for healthcare applications where medical approvals and IPX6 Washable protection class are required. The mounting clip system allows easy mounting to the control box.

Supported by a 5-year warranty, our Li-Ion batteries ensure reliability and performance through rigorous testing and proven technology.

### Specifications

- 2.9 Ah Li-Ion battery
- IPX6 Washable DURA™
- LED charging indicator
- Mounting clip system
- 5-year warranty

### Compatibility

- All LINAK PCP 2.0 control boxes

BA22 mounted with a control box
