

My Recliner™ app Data Sheet

Introduction

The My Recliner™ app is developed for users of recliner systems. The app adds value to the recliner system, for example by indicating the recliner battery level and reducing the complexity in handsets.

The My Recliner™ app provides you with an intuitive and user-friendly interface for controlling and adjusting the recliner system.

With the app, you can adjust the recliner or, with the additional premium features unlocked, enjoy more features and personalize recliner functionalities.

The app is available for two different platforms: iOS for iPhones, and Android for Android smartphones. The My Recliner™ app comes in multiple languages, which can be selected in the app.
