

DESKLIFT™ DL4S

Data sheet

DESKLIFT™ DL4S

The DL4S is a DESKLINE® lifting column. The column is an optimum choice for a wide range of desk applications especially within the office area. The hallmark of the DL4S is the 3-stage inline design meaning that the motor is hidden inside the profiles giving the column a very sleek and elegant design easy to integrate in various desk designs. The 3-stage construction ensures a very low built-in dimension meaning that people of all heights can use the desk. The very low noise level ensures pleasant use when driving.
