LINAK® information about

EU Directive 2018/852, 2004/12/EC, and 94/62/EC on packaging and packaging waste

To LINAK customers,

We hereby declare that our standard packaging method is to use cardboard boxes on disposable, heat-treated pallets in accordance with IPPC standard ISPM No. 15.

We prioritise the use of recyclable materials in our packaging solutions and actively support Extended Producer Responsibility (EPR) initiatives, which hold us accountable for the entire lifecycle of our products. All LINAK components are packaged in line with these regulations, reflecting our commitment to responsible practices in our industry.

Best regards

LINAK A/S

Jette A. Jensen

Vice President, Quality
