

Product introduction

Hand Control HB190

The LINAK® hand control HB190 gives the healthcare professional the quick and logical overview of the application's multiple movement options and likely many extra features, all-in-one. It comes with a customisable layout with 19 buttons and 21 LEDs, making room for virtually any advanced actuator system setup, you need – regardless if you are designing an operating table or a high-end hospital bed.

The HB190 comes with exchangeable cable and with an IPX6 Washable DURA™ rating, making it future-proof and able to perform flawlessly for many years.

Specifications:

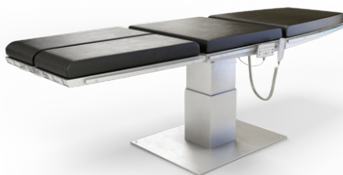

- 19 Buttons
- 21 LEDs
- IPX6 Washable DURA™
- Exchangeable cable
