Preface

Dear User,

We are delighted that you have chosen a LINAK® product.

LINAK systems are high-tech products based on many years of experience in the manufacture and development of actuators, lifting columns, desk frames, electric control boxes, controls, batteries, accessories and chargers.

This User Manual does not address the end user. It is intended as a source of information for the equipment or system manufacturer only, and it will tell you how to install, use and maintain your LINAK electronics. The manufacturer of the end product has the responsibility to provide a User Manual, where relevant safety information from this manual is passed on to the end user.

We are convinced that your LINAK product/system will give you many years of problem-free operation.

Before our products leave the factory, they undergo both function and quality testing. Should you, nevertheless, experience problems with your product/system, you are always welcome to contact your supplier.

LINAK subsidiaries and some distributors situated all over the world have authorised service centres, which are always ready to help you. Locate your local contact information on the back page.

LINAK provides a warranty on all products, see Warranty.

This warranty, however, is subject to correct use in accordance with the specifications, maintenance being done correctly, and any repairs being carried out at a service centre, which is authorised to repair LINAK products.

Changes in installation and use of LINAK systems can affect their operation and durability. The products may only be opened by authorised personnel.

This User Manual has been written based on the present technical knowledge. LINAK reserves the right to carry out technical modifications and keeps the associated information updated.

LINAK A/S

Introduction

This User Manual is valid for the following products:

Control Box: CBD6S Residential

The Control Box CBD6S Residential is used in residential applications with up to four actuators (Baselift™ for mattress zone adjustment, or KA30 for bed adjustment). The CBD6S Residential has a slim design and intuitive white plugs that are easy to recognise under the bed. It has plugs for connection of actuators and accessories in each end, and it is equipped with cable grooves at the bottom making it easy to lead and hide motor cables from one side of the bed to the other.

The CBD6S Residential is a universal control box meaning that it works worldwide, just add the required mains cable. The control box ensures smooth drive of the comfort zones of the bed as well as soft start and stop of the connected actuators.

From an environmental point of view, the CBD6S is a good choice as it has extremely low power consumption in standby mode, only 0.1 W, and the control box is PVC-Free™, which is state-of-the-art.

Intended use

This product is a Residential product developed for furniture and for indoor use in dry locations.

Parameter	Operation	Storage and transportation
Temperature	5 to 40 °C	-10 to +50 °C
Relative humidity	20% to 80% - non-condensing	20% to 80% - non-condensing
Atmospheric pressure	800 to 1060 hPa	700 to 1060 hPa
Altitude	Max. 2000 m	N/A

Do not use outdoors or in wet areas.

Important safety information

Safe use of the system is possible only when this document is read completely and the instructions contained are strictly observed.

Failure to comply with instructions marked with the "NOTICE" symbol may result in serious damage to the system or one of its components.

Read all instructions before using this product.

Important safety information on LINAK® products can be found under the following heading(s):

DANGER

Failure to comply with these instructions will result in severe personal injury.

WARNING

Failure to comply with these instructions may result in severe personal injury.

CAUTION

Failure to comply with these instructions can result in minor personal injury.

NOTICE

Failure to comply with these instructions can result in property damage.

READ AND SAVE THESE INSTRUCTIONS

General safety instructions

General

DANGER

Plugged-in products

Risk of electric shock

- Always unplug this product from the electrical outlet before assembling, disassembling, cleaning, or servicing.
- Only use the product indoors in dry locations.

It is important for everyone who is to connect, install, or use the systems to have the necessary information and access to this User Manual. Follow the instructions for mounting – risk of injury if these instructions are not followed.

The appliance is not intended for use by young children or infirm persons without supervision.

If there is visible damage on the product it must not be installed.

Note that during construction of applications, in which the actuator is to be fitted, there must be no possibility of personal injury, for example squeezing of fingers or arms.

Assure free space for movement of application in both directions to avoid blockade.

The appliance is only to be used with the power supply unit provided with the appliance.

WARNING

- This appliance may be used by children aged 8 years and older and by persons with reduced physical, sensory, or mental capabilities, or with limited experience and knowledge, provided they have received supervision or instruction regarding safe use of the appliance and understand the associated hazards.
- Children must not play with the appliance. Cleaning and user maintenance must not be performed by children without supervision.

For US and Canadian markets only

- Persons who lack the necessary experience or knowledge must not use the product unless they have received appropriate instruction or supervision from a person responsible for their safety.
- Persons with reduced physical, sensory, or mental capabilities must not use the product unless they are under supervision or have been instructed in its safe use by a person responsible for their safety.
- Children must be supervised to ensure that they do not play with the product.
- Before operating the application, ensure that it can move freely without creating a risk to the operator or bystanders.

Safety issues

The builder of the equipment shall ensure that the use of the component complies with relevant standards – like the Machine Directive. Care must be taken to avoid squeezing of cables as it can cause movement of the system!

DANGER

Liquid in the control box

Risk of electric shock

- Design the application so that spilled liquid cannot flow into the control box.

CAUTION

Risk of damaging the hand controll

The hand control is not a sealed unit and there are electronics inside it.

- Ensure that liquids or moisture does not enter an opening. It may damage the PCB and ruin the hand control.
- Avoid spraying the cleaning agent or disinfectant directly on the hand control.

WARNING

Remote control of the application

Risk of persons getting squeezed

- Only operate the application while it is in sight.
- Keep the remote (or phone with app) out of children's and disabled persons' reach.
- Use a wired hand control.

WARNING

Automatic adjustment of the application

Risk of persons or animals getting squeezed

- Do not set automatic adjustments for times when persons or animals could be in the immediate vicinity of the application.
- Keep the remote (or phone with app) out of children's and disabled persons' reach.

WARNING

Two adjacent beds moving in opposite directions

Risk of persons getting squeezed

- Ensure only to adjust the application when no person or animal is at risk of getting squeezed.
- Ensure to use the correct control.

NOTICE

Duty cycle

Risk of malfunction

- Do not exceed the duty cycle.

Misuse

Do not overload the actuators – this can cause danger of personal injury and damage to the system.

Do not stand on the application during operation – risk of personal injury.

Do not use the system in environments other than the intended indoor use.

Before installation, de-installation or troubleshooting

- Stop the control box.
- Disconnect the power supply.

Before start-up

- Make sure that the system has been installed as instructed in this User Manual.
- Make sure that the voltage is correct before the system is connected to the mains.
- System connection. The individual parts must be connected before connecting to the mains.

During operation

- If the control box makes unusual noise or smells, switch off the mains voltage immediately.
- Take care that the cables are not damaged.
- Unplug the mains cable on mobile equipment before it is moved.

Miscellaneous

Updated manuals and declarations can always be found here:
https://www.linak.com/user-manuals#work-res

Informations importantes en matière de sécurité

Une utilisation sûre du système n'est possible que lorsque ce document est lu dans son intégralité et que les instructions qu'il contient sont strictement respectées.

Le non-respect des instructions marquées du symbole "AVIS" peut entraîner de graves dommages au système ou à l'un de ses composants.

Lisez toutes les instructions avant d'utiliser ce produit.

Des informations de sécurité importantes sur les produits LINAK® sont disponibles dans la ou les rubriques suivantes :

DANGER

Le non-respect de ces instructions entraînera des blessures graves.

AVERTISSEMENT

Le non-respect de ces instructions peut entraîner des blessures graves.

ATTENTION

Le non-respect de ces instructions peut entraîner des blessures corporelles légères.

AVIS

Le non-respect de ces instructions peut entraîner des dommages matériels.

LIRE ET CONSERVER CES INSTRUCTIONS

Consignes générales de sécurité

General

DANGER

Produits enfichés

Risque de choc electrique

- Débranchez toujours ce produit de la prise électrique avant de l'assembler, de le démonter, de le nettoyer ou de l'entretenir.
- N'utilisez le produit qu'à l'intérieur, dans des endroits secs.

Il est important pour tout individu qui connecte, installe, ou utilise le système d´avoir les informations nécessaires et l´accès à ce mannuel d´utilisation.

Suivez les instructions pour le montage – risque de blessure si ces instructions ne sont pas suivies.

L´appareil n´est pas destiné à être utilisé par des enfants ou des personnes handicapées sans surveillance.

S´il y a des dommages visibles sur le produit, l´installation ne doit pas être effectuée.

Prendre en compte lors de la construction du matériel, dans lequel l´actionneur est incorporé, qu´il ne doit y avoir aucune possibilité de blessures corporelles, telles que la compression des doigts ou des bras.

Assurez un espace libre autours du materiel pour éviter tout blocage.

L'application ne doit être utilisée qu'avec le module d'alimentation secteur fourni.

AVERTISSEMENT

- Cet appareil peut-être utilisé par des enfants âgés de 8 ans et plus, ainsi que les personnes dont les capacités physiques, sensorielles ou mentales sont réduites ou ayant un manque d´expérience et de connaissance si elles ont bénéficié d´une surveillance ou d´instructions concernant l´utilisation de l´appareil en toute sécurité et compris les risques encourus.

- Les enfants ne doivent pas jouer avec l´appareil. Le nettoyage et l´entretien ne doivent pas être rèalisés par des enfants sans surveillance

Seulement pour les marchés américains et canadiens

- Les personnes qui n´ont pas l´expérience ou les connaissances nécessaires sur le ou les produit(s) ne doivent pas le ou les utiliser. Par ailleurs, les personnes ayant des capacités physiques, sensorielles ou mentales réduites ne doivent pas utiliser le ou les produit(s), sauf si elles sont sous surveillance ou ont suivi une formation approfondie de l´utilisation de l´appareil par l´individu responsable de la securité de ces personnes.

- De plus, les enfants doivent-être sous surveillance afin de s´assurer qu´ils ne jouent pas avec le produit.

Declaration of Conformity

LINAK A/S
Smedevænget 8
DK - 6430 Nordborg

hereby declares under our sole responsibility that LINAK HOMELINE® Actuator System, model: CBD-system, for use in electrical adjustable beds, composed of:

Control Box(s)	CBD6Sa000b0A-c09, (Where -a: can be P, C or H, -b: can be 2, 3 or 4 and -c: can be 0 or 7)

together with an optional combination of:

Linear Actuator	KA30: 30aXXXbb0H0C0cd10efgh1XXXi0O (Where a can be 4 or 6; XXX can be stroke length in mm; bb can be 00, 0A, 0C, 0D; c can be 4 or 6; d can be + or -; e can be 1 or 2; f can be 1 or 2; g can be A, B, E, F; h can be A or B; XXX can be installation dimension in mm; i can be 3 or 6)
Lifting Colum:	BASELIFT: BLC
Controls:	HC10BL, HC1ABL, HC10ECO, HC2xBL, HC30BL, HC40BL, HC60BL, BP10BL and BP20BL
Accessories	BLE2LIN

Complies with EMC Directive: 2014/30/EU (OJ L 96, 29.3.2014, p. 79–106) according to following standards:
EN 61000-6-2:2005/AC:2005, EN 61000-6-3:2007/A1:2011/AC:2012
(and subsequent EN 61000-3-2:2014 and EN 61000-3-3:2013)

Complies with Low Voltage Directive 2014/35/EU (OJ L 96, 29.3.2014, p. 357–374) according to the standard:
EN 60335-1:2012+AC:2014+A11:2014+A13:2017+A1:2019+A14:2019+A2:2019+A15:2021+A16:2023
EN 62233:2008 + AC:2008

Complies with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (OJ L 174, 1.7.2011, p. 88–110) and Directive 2015/863 (OJ L 137, 4.6.2015, p. 10–12) (amending Annex II to Directive 2011/65/EU) according to the standard:
EN IEC 63000:2018

Additionally, the applicable Controls and Accessories comply with the Radio Equipment Directive 2014/53/EU (OJ L 153, 22.5.2014, p. 62–106) according to the standards listed in the RED DoC for the individual radio products.

Where this system includes or is supplied with batteries, those batteries comply with the requirements of Regulation (EU) 2023/1542.

Other specifications:
The system does also comply with the standard: EN 61000-6-2:2019.

Nordborg, 2026-9-25

Declaration of incorporation of partly completed machinery

LINAK A/S
Smedevænget 8
DK - 6430 Nordborg

This declaration of incorporation is issued under the sole responsibility of LINAK HOMELINE® for the following products as characterized by the following models and types:

Control Box(s)	CBD6Sa000b0A-c09, (Where -a: can be P, C or H, -b: can be 2, 3 or 4 and -c: can be 0 or 7)

together with an optional combination of:

Linear Actuator(s)	KA30: 30aXXXbb0H0C0cd10efgh1XXXi0O (Where a can be 4 or 6; XXX can be stroke length in mm; bb can be 00, 0A, 0C, 0D; c can be 4 or 6; d can be + or -; e can be 1 or 2; f can be 1 or 2; g can be A, B, E, F; h can be A or B; XXX can be installation dimension in mm; i can be 3 or 6)
Lifting Colum:	BASELIFT: BLC
Controls:	HC10BL, HC1ABL, HC10ECO, HC2xBL, HC30BL, HC40BL, HC60BL, BP10BL and BP20BL
Accessories	BLE2LIN

The following essential health and safety requirements of Annex III of Regulation (EU) 2023/1230 (OJ L 165, 29.6.2023, p. 1) of the European Parliament and of the Council have been applied and fulfilled by the partly completed machinery as supplied, insofar as they are relevant:

1.1.2 a), b), c);
1.1.9;
1.2.1, 1.2.2; 1.2.4.1
1.5.1, 1.5.5, 1.5.6, 1.5.10, 1.5.11, 1.5.13;
1.7.1, 1.7.1.1, 1.7.2, 1.7.3, 1.7.4.1.

We confirm that prior to market introduction the relevant technical documentation is compiled in accordance with part B of Annex IV and the assembly instructions pursuant to Annex XI.

This documentation or part hereof will be transmitted by post or electronically to a reasoned request by the national authorities.
The products mentioned in this document are to be combined for use in height adjustable furniture.

This partly completed machinery must not be put into service until the final machinery into which it is to be incorporated has been declared in conformity with the provisions of the Machinery Regulation (EU) 2023/1230 where appropriate.

Nordborg, 2026-9-25

Signature present in original document.

Signed: Dragan Macura (Regulatory Compliance Manager)

The Residential product

This product is a Residential product developed for furniture and for indoor use.

Warranty

The warranty terms for Residential products are described in this warranty paper:
https://cdn.linak.com/-/media/files/warranty/warranty-paper-homeline-eng.pdf

Maintenance

Clean dust and dirt on the outside of the system at appropriate intervals and inspect them for damage and breaks.
Inspect the connections, cables and plugs and check for correct functioning as well as fixing points.

The cleaners and disinfectants must not be highly alkaline or acidic (pH value must be 6-8).

Installation

Do not pack the CBD6S in heat-insulating material.
Place the CBD6S so it can emit heat through its surface to the surroundings.

Mounting the CBD6S

1. Plug the mains cable into the CBD6S.
2. Place the mains cable in the groove for cable relief.

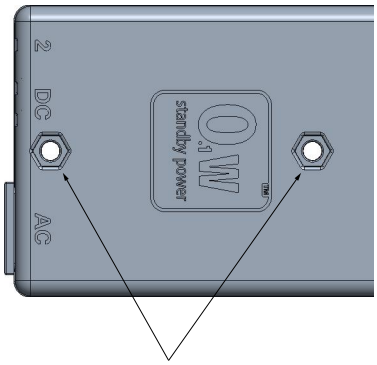

3. If needed, place the other cables in the grooves to optimise the desk design and manage the system cables.

4. Mount the CBD6S using two screws with a head diameter of 10 mm (8 to 10 mm can be used).
5. Fasten the mounting screws (max. torque 1 Nm).

Notes:

- If the control box is mounted in a top frame bar with the width of the motor housing, it can be mounted with only one screw
- The surface on which the control box is mounted should have an evenness better than ±0.5 mm
- The control box can also be mounted using one or two M6 nuts and screw counterparts

Hexagon (M6 nuts)

- The mains plug must be accessible when the CBD6S is mounted so that the supply to the CBD6S can be disconnected if replacement is required

The builder of the equipment shall ensure that the use of the component complies with relevant standards – such as the Machine Directive. Care must be taken to avoid squeezing of cables as it can cause movement of the system!

Electrical connection

The control box must only be connected to the voltage stated on the label.

It is important to ensure that the motor cables are fixed, but not tightened, near the control box **and** near the columns.

Fix the cable to the tabletop using a clip observing the **30 mm minimum bending radius (R)**.

Connecting the system

1. Connect the first actuator to socket 1 next to port A2 on the control box using the 6-pin plug on the motor cable. Channel 1 is the channel closest to the control port.
2. Connect further actuators/devices to sockets 2, 3 and 4 in sequence.
3. Connect the BLE2LIN and other accessories to control port A1 or control port A2.
4. Check that the voltage stated on the label corresponds to mains power.
   If not, do **not** plug in the mains cable.
5. Plug in the mains cable.
6. Switch the power on.

Repair and disposal

WARNING

Opening the product

Risk of injury to persons and of malfunction

- Do not open the product unless you are authorised to do so.

Only an authorised LINAK® service centre should repair the LINAK products. Products to be repaired under warranty must be sent to an authorised LINAK service centre.

In order to avoid the risk of malfunction, all product repairs must only be carried out by an authorised LINAK Service shop or repairers, as special tools and parts must be used.

If a product is opened by unauthorised personnel there is a risk that it may malfunction at a later date.

LINAK systems or components may be disposed of, possibly by dividing them into different waste groups for recycling or combustion.

We recommend that our product is disassembled as much as possible at the disposal and that you try to recycle it. LINAK systems or components should be disposed of in accordance with the environmental regulations applicable in the respective country.

Almost all our cast plastic parts are supplied with an interior code for plastic type and fibre contents, if any.

Accessories and spare parts

Accessories

Order from your nearest LINAK® sales office, distributor or subsidiary.

Spare parts

Please contact your nearest LINAK sales office for information on spare parts.

Terms of use

LINAK® takes great care to provide accurate and up-to-date information about its products. However, it is the responsibility of the user to determine the suitability of LINAK products for any specific application. Due to ongoing product development, LINAK products are subject to continuous modifications and changes. LINAK reserves the right to make such modifications, updates, and changes without prior notice. For this reason, LINAK cannot guarantee the accuracy or current status of printed information about its products.

LINAK uses its best efforts to fulfil orders. However, for the reasons mentioned above, LINAK cannot guarantee availability of any particular product at any given time. LINAK reserves the right to discontinue the sale of any product displayed on its website or listed in its catalogues or in other written material created and produced by LINAK, LINAK subsidiaries, or LINAK affiliates.
All sales are subject to the applicable terms and conditions of sale and delivery available on LINAK websites. LINAK and the LINAK logotype are registered trademarks of LINAK A/S. All rights reserved.
