LINAK® information about ozone-depleting substances

To LINAK customers,

LINAK is aware of Regulation (EU) 2024/590, which prohibits any use of products that are imported, exported, and placed on the market with contents of ozone-depleting substances (ODS).

Based on information available, LINAK certifies that products manufactured by LINAK do not contain ODS above the legal limits.

The information is based on data supplied by LINAK business partners regarding materials and processes used in the products.

Best regards

LINAK A/S

Peter Petersen

Corporate Senior Manager, Supplier Quality
